

MV-222-47

Safety shoes with insulating sole, leather and low type

Series: MV-222-..

Application:

- Safety shoes, low and leather type, providing electrical hazard resistance up to 18 kV according to ASTM F2413:2018.
- To be used inside or in a dry environment.
- Safety shoes with insulating sole specifically designed for the electricians, industry, building, oily and smooth soils.

Fonctionnalité

Weight	1,7
Size	47
Tension	
Voltage Level	
Operating Voltage AC	1 000 V
Operating Voltage DC	1 500 V

Features:

- Each insulating sole tested at 5 KV.
- Shoes with leather and breathable liner microphone.
- Anti-penetration textile sole.
- Protection cap 240 J (20% above the standard).
- Slip resistance: SRC. Torsion resistant sole.
