CT-7-63

Insulating platform for indoor use 63 kV

Series: CT-7-63

Application:

- Insulating platform to isolate the operator from the earth potential.
- For indoor use.

Features:

- 520 x 520 mm, moulded, non-slip insulating tray with marking area.
- Removable insulating feet with rubber tips.
- Height: 515 mm.
- Operating voltage: 63 kV.

Fonctionnalité

Weight	3.5
Material	Plastique
Tension	
Operating Voltage AC	63 000 V
