

MT-245

Earthing and short circuiting equipment for insulated overhead networks

Series: MT-24.

Application:

- Earthing equipment for low voltage overhead network.
- For use with the serial **MT-205** equipments.
- Icc: 4 kA/1s.

Composition:

- 1 connector with a lockable socket by specific bayonet. To be mounted on the references **MT404** and **MT407**.
- 1 earthing and short-circuiting link in extra flexible insulated copper cable.
- 1 earth clamp **MT-8401**.
