

MT-8407-P

Earthing and short-circuiting equipment, 14 kA/1s

Series: MT-8407-P

Application :

- Portable equipment for overhead networks.
- Icc: 14 kA/1 s.

Features :

- MT8142 conductor clamps with 12 mm type C hexagonal tip on flat surfaces.
- Plastic carrying case.

Composition :

- 3 conductor clamps **MT-814/2**. Capacity: diameter 5 to 28 mm.
- 1 earth clamp **MT-840/1**. Capacity: bar 0-25 mm; rod 6-25 mm.
- 1 set of 3 short-circuit cables, section 50 mm² long. 1.2 m PVC insulated.
- 1 Malt cable section 25 mm² long. 2.5 m PVC insulated.
- 1 pole **M-951654**.
